Call or write to Don Schoeps at 717-254-6097 or dschoeps@aol.com to schedule up to an hour to play and play-with the marvelous "real" pipe organ in the Capitol Theatre in York PA on January 16. It's a grand opportunity to get more acquainted with the instrument.

SVTOS is a 501(c)(3) corporation dedicated to the preservation and presentation of Theatre Pipe Organs. Proudly supporting the Mighty WurliTzer Theatre Pipe Organ in the Capitol Theatre in York, PA.

Happy New Years to all. Here's hoping everyone is having a wonderful holiday season and a chance to renew old and build new friendships. Our table of goodies is being "grazed" each day with a waistline penalty, of course.

As with the past winter SVTOS programing, the coming January and February events for SVTOS will be Open Console days coordinated by Don Schoeps in January and Barry Howard in February, while Ed Horvath and I will be visiting our Florida home.

Our next membership meeting will be March 13, 2023, and will be videos including a look at the career of Stan Kahn (yes, the organist and vacuum cleaner collector). I was fortunate many years ago to have spent part of a day with Stan when he was a guest of ATOS at a San Francisco convention. Stan was a personality that was "real," not a stage personality. The March evening's program will also include a follow-up regarding Compton theatre organs and the Melotone sound system.

With the need to have indoor things to pass the winter, remember we will have a Member's Showcase on Monday evening, April 10th when our playing members can share a few minutes of their organ preludes being present to Capitol film goers. The May program will be a visit to OPUS 501 with Donnie Rankin. Our June program is yet to be booked.

Those planning to attend the ATOS Annual Convention in the Chicago area July 2 thru 7, 2023 should visit their website at <https://www.atos.org/convention>, details are there and registration is now open.

If you have not yet paid your dues, please send them to our Treasurer, Roy Wainwright. You might consider including a little extra, since the dues do not cover the cost of our programing efforts.
